

Tariffs for Mobistar Basic Terminating Service on the Mobistar Fixed Network

Mobistar Basic Terminating Service on the Mobistar Fixed Network is a service which consists of the conveyance by Mobistar of Calls based on speech/3.1 kHz audio bearer service (excluding the supplementary ISDN services) to a Mobistar Geographic Number on the Mobistar fixed network. Geographic numbers ported out to other fixed networks are not within the scope of this service.

In accordance with the BIPT decision of 5 March 2012, Public Network Operators who sign an interconnect agreement with Mobistar, in particular regarding the above mentioned Mobistar Basic Terminating Service, will be charged the following fees for the termination of calls on Mobistar Fixed network.:

Type of call	Set-up Charge (per call)		Duration charge (per min)	
	Peak	Off Peak	Peak	Off Peak
Intra Access Area	0,443	0,232	0,727	0,381
Extra Access Area	0,568	0,298	0,932	0,489

All values in eurocent
